

Parental Consent Form

Please fill in this *Parental Consent Form*; must be signed by the date of the booking.

Monka Hair & Beauty Lounge is glad to offer services to teens along with a **signed parental consent**.

Parents should be made aware that nail enhancements are a permanent service and need continuous up keep or professional removal.

Any damage to nails through incorrect 'at home' removal, lack of aftercare or lack of timely maintenance is entirely the responsibility of the client.

Parents should also be warned that the chemicals used during nail enhancements procedures might cause bleeding or an allergic reaction to one of the products.

By signing this document, the parent confirms that he / she has made an informed commitment, is aware of the dangers and agrees to have his / her child take part in this procedure.

I, the undersigned, do hereby consent and

Agree that my child receives gel or acrylic nail enhancements or treatments.
